

**Annual Report
Substance Abuse Shelters for Individuals (SASI).**

Universal Items

1. Submit policies on admitting, treating, and referring methadone maintained clients.
2. Submit policies and procedures that describe opportunities for consumer feedback, input, and procedures for incorporating this information in service provision. Also include one or more examples of issues that have been reviewed in your specific program because of consumer feedback. Attach blank copies of consumer feedback forms used by your program (e.g., consumer satisfaction surveys). (See page 36 BSAS Terms and Conditions).

Specific Items

1. Submit the curriculum of daily scheduled activities for the general population.
2. Identify the number of beds allocated for stabilization of individuals who wish to remain substance-free and submit the number of FY2004 admissions to these beds.
3. Submit number and type of referrals for individuals moving stabilization beds to other substance abuse services. Please name the top three substance abuse programs that you refer to.
4. Submit a weekly schedule of psycho-educational groups provided to stabilization clients.
